

FASTENER ASSEMBLY LUBE

>>Description

CMW Oil Company Fastener Assembly Lube is engineered to offer a consistent and repeatable joint loading based upon a linear stretch of a tension-tension design fastener. Fastener Assembly Lube is compatible with all engine oils and will not contaminate any oiling systems. Apply Fastener Assembly Lube both under-head and on threads of fasteners.

>>Features

- >Precise Torque Reading
- >Precise Clamping Force
- >Compatible with all Engine Oils
- >Anti-Seize
- >No Molybdenum Disulphide

>>Automotive Applications

- >Rod Bolts
- >Heads Studs
- >Main Studs
- >All General Fasteners

>>Typical/Test Data

Appearance: Transparent
