Heavy Duty All Weather Gear Oil

>>Description

CMW Heavy Duty All Weather Gear Oil are premium grade gear lubricants compounded from high viscosity index paraffinic base oils and outstanding extreme pressure additive package. They also control oxidation, corrosion, rust and foaming. CMW Heavy Duty All Weather Gear Oil has demonstrated excellent limited slip performance and is suitable for service refill and top off of limited slip differentials. It meets the requirements of API GL 4, GL5, Mil-L-2105D and all OEM's specifications for an EP type transmission and axel lubricant. This product also satisfies many industrial recommendations as well. CMW Heavy Duty All Weather Gear Oils are designed to be used in a wide temperature range and are compatible with other type gear oils.

>>Typical/Test Data

SAE GRADE	80w90	85w140
Gravity, deg. API	25.8	23.6
Pour Point °F	-25	5
Flash Point °F	440	445
Viscosity: SUS @ 100°F	848	1,871
SUS @ 210°F	83.8	127
cSt @ 40°C	183	347
cSt @ 100°C	16.4	25.6
Viscosity Index	102	96
Color,D-1500	4.5	6
